

# Middle Flint BEHAVIORAL HEALTHCARE

Angela Holt  
Executive Director/CEO

*Serving Crawford, Crisp, Dooly, Houston, Macon, Marion, Peach, Schley, Sumter, Taylor and Webster Counties*

08/19/2022

To whom it may concern:

Regarding: Pablo Daniel

DOB:04/24/1968

Pablo Daniel is a patient receiving services from Middle Flint Behavioral Healthcare in Warner Robins, GA. This patient has been diagnosed by writer (Kathleen Yngayo, NP-C) on 07/05/2022 with the following disorder:

1. Schizoaffective Bipolar Disorder

Pablo is determined by this office to meet the standard of the most significant disability priority. His functional limitations consist of: communication, interpersonal skills, focus/concentration and memory (cognitive functioning), and work skills.

Given the beforementioned disabilities, I do not predict Pablo to function adequately and be successful in the work force. Despite his compliance with his treatment plan, he continues to struggle with deficits and limitations. Without proper measures in place, Pablo's deficits would make it difficult to hold competitive employment over an extended period of time. Should you have any questions or concerns feel free to contact the clinic.

Respectfully,

Kathleen Yngayo, NP-C
